(4) _____	_____	_____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

☐ Continuation Sheet Attached

Brief Description of Arguments to be Presented:

Harima discloses generating a hit effect when an attack "lands" with another character in the direction of the attack and is not related to the movement of the other character. Harima also does not generate a hit effect when a character starts moving or generate a hit effect from the character's position to the direction the character is about to move.

An interview was conducted on the above-identified application on

APRIL 24th 2007

NOTE:

This form should be completed by applicant and submitted to the examiner in advance of the interview (see MPEP § 713.01).

This application will not be delayed from issue because of applicant's failure to submit a written record of this interview. Therefore, applicant is advised to file a statement of substance of this interview (37 CFR 1.133(b)) as soon as possible.
